We want to see how you are using agriculture in the classroom!

To participate, cut Gus out around the dotted lines. Then, take a photo of Gus in your classroom showcasing the connection you make between agriculture and reading, writing, math, science, health, art, and/or social studies. We hope you will show Gus (and us!) the interesting connections to agriculture you make in your classroom!

Submit your photo at www.nefbfoundation.org/gus to be entered in a random drawing to win a BOOK BUNDLE! A book bundle includes twelve books accompanied by professionally designed curriculum.
